

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example that we no longer live in a free and equal u.s.a.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for them the companies/corperations then what is good for ALL .this is NOT news ,this is yet another opinon .You wouldn't dare show 9/11 for that very reason. Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. YOU don't want another fox news scandel on your hands, or do you??They show why the license renewal process needs to involve more than a returned postcard. Thank you.
